WELCOME TO GRV GROUP OF INSTITUTIONS – A LEGACY OF EXCELLENCE IN EDUCATION

At GRV Group of Institutions, we believe education is not just about degrees — it's about building futures, empowering minds, and transforming lives.

With a legacy spanning over a decade, we are proud to be one of the most trusted and diversified educational groups, committed to academic excellence, value-based learning, and career-oriented training.

We offer a wide range of institutions under our umbrella, each tailored to deliver quality education in specialized fields:

GRV Institute of Medical Science – Nursing, Allied Health, Para Medical.

GRV Business School – BBA, MBA, Commerce, and Finance

GRV Pre-University & School Division – High School, PU, Foundation Courses

GRV Coaching – NEET, JEE, FMGE, Premedical Training for MBBS aspirants, and more

Each institution is backed by modern infrastructure, dedicated faculty, and a commitment to nurturing not just skilled professionals but responsible citizens.

M NARAYAN RAO IAS (RETD.)

Founder President

Sri. M Narayan Rao has been an educationist all his career. He founded the GRV group of institutions a decade ago and is associated with many other educational institutions. These institutions are renowned for imparting quality education at an affordable price to the community. He also founded the GHI group which provides investment consultancy, financial services & advisory services to foreign banks. He got retired in 1987 after holding several important positions in the state government like Deputy Commissioner (Special).

M GURURAJ

President

A professional investment banker, has a passion for education. He is actively involved in the promotion of primary and secondary education in Bengaluru. The GRV School in Bengaluru bears testimony to his achievements in the field of education, the field to which he has entirely dedicated himself. Providing quality education at an affordable price is his commitment to society and he has honored the commitment in spirit and letter.

WHY BENGALURU?

Bengaluru is home to some of the top universities, colleges, and institutions in India—offering a wide range of programs in medicine, engineering, management, arts, and sciences.

Career & Internship Opportunities: The IT capital of India, Bangalore is filled with multinational companies, startups, hospitals, and research centers. This provides:

Quality Coaching & Support: Whether you're preparing for competitive exams like NEET, JEE, UPSC, CA, or foreign education (IELTS, TOEFL, SAT)
Pleasant Climate All Year Round

Bangalore's cool and moderate weather makes it one of the most comfortable cities to live and study in — ideal for focused learning and outdoor activities.

Pre-Medical Training Program for MBBS Aspirants

PRE-MEDICAL TRAINING PROGRAM FOR MBBS ASPIRANTS

- 01 Bridge the Gap**
- 02 Build the Foundation**
- 03 Begin with Confidence.**

Are you planning to pursue MBBS in India or Abroad? Our Pre-Medical Training Program is specially designed to prepare aspiring medical students like you for the academic and practical challenges of medical school.

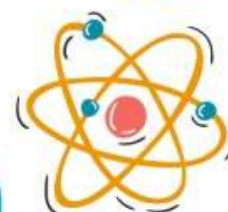

Starting MBBS—especially in a foreign country—can be overwhelming. Differences in academic standards, curriculum structure, language, and teaching style often become barriers.

OUR PRE-MEDICAL PROGRAM HELPS STUDENTS:

- Strengthen foundational knowledge in core subjects
- Develop the right study habits and skills
- Get familiar with the MBBS curriculum
- Adjust to academic English and medical terminology
- Build confidence before stepping into a medical college

OUR EXPERT-DESIGNED MODULES INCLUDE:

- Biology (Human Anatomy & Physiology Basics)
- Chemistry (Organic & Inorganic Fundamentals)
- Physics (Concepts Applied in Medicine)
- Medical Terminology & Academic English
- Introduction to MBBS Curriculum
- Study Skills, Time Management & Note-taking
- Basics of Clinical Skills & Case Study Approach

PROGRAM HIGHLIGHTS

1. Duration: [e.g., 4 to 8 weeks]
2. Mode: Online / Offline (Hybrid Available)
3. Live Interactive Classes by Experienced Doctors & Professors
4. Study Materials + MCQs + Recorded Sessions
5. Regular Assessments & Personalized Feedback
6. Certificate of Completion

WHY STUDY MBBS ABROAD?

MBBS Abroad vs. MBBS in India – A Comparison

Criteria	MBBS Abroad	MBBS in India
Availability of Seats	Easier access; many colleges with global intake	Very limited seats; high competition
Cost of Education	₹20 – ₹50 lakhs (total, depending on country)	₹10–₹25 lakhs (Govt.); ₹60–₹1.8 Cr (Private)
NEET Requirement	NEET required (qualifying only)	NEET required (very high rank needed)
Admission Process	Simple, transparent process; direct admission possible	Highly competitive; involves counseling rounds
Entrance Pressure	Less stressful (NEET score mainly for eligibility)	Intense competition (limited seats vs. applicants)
Global Exposure	Learn in a multicultural environment with international peers	Limited to domestic system and exposure
Modern Infrastructure	Advanced labs, simulation centers, and teaching hospitals	Varies by institution (Govt. vs. Private)
Medium of Instruction	English (in most popular countries like Russia, Georgia, Philippines, etc.)	English/Hindi (varies by region)
Eligibility for Practice in India	Must clear FMGE/NEXT (mandatory)	Direct practice after internship + NEXT
Recognition	WHO, NMC, ECFMG, FAIMER-approved colleges	NMC-approved medical colleges
Career Scope	Global opportunities (USMLE/PLAB etc.) + India return	Mostly India-focused career path

GRV CAMPUS

Commonwealth University College of Medicine (CUCOM)

Commonwealth University College of Medicine (CUCOM) was established in early 2010 for promoting medical research and educational projects in St. Lucia. CUCOM has been providing students with the foundation they need to pursue successful careers in medicine.

Central America offers very good education systems in the entire Asian Continent. Studying in the Philippines is one of the most extraordinary options for overseas students pursuing an MBBS degree.

The MBBS degree is completely taught in English and comparatively low cost. The quality of education is also premium. The multi-cultural study environment in Central America made overseas students come to Central America. Students who desire to study MBBS in Central America have a great value in the world market. Studying MBBS in Central America opens doors for new opportunities looking for some chance in the western world.

CAMPUS GLANCE

The university emphasizes internationalization by participating in exchange programs and fostering partnerships with industries, government agencies, and international organizations. These collaborations provide students with opportunities for research, internships, and professional development.

Campus glance

International University of Science & Medicine

IUSM is the largest medical school in the Kyrgyz Republic. Comprised of five basic science departments and 20 clinical departments, IUSM offers exceptional training for students wishing to pursue a medical degree. With the Class of 2020, the school implemented a new medical education curriculum that better reflects the modern health care environment and delivery models, preparing students to practice medicine in a team-based, interdisciplinary setting. Statewide medical education centers on six core competencies. Access to diverse patient populations reflects true state of care today. Updates align innovations in medical science and education. Global outreach, clinical education programs foster active learning. Collaborative teaching and learning forges interprofessional bonds.

CAMPUS AT A GLANCE

Academic advising and career counseling support and guide students. International University of Science and Medicine (IUSM) has been developed under the aegis of National Development Strategy of the Kyrgyz Republic, the Program of the Government of the Kyrgyz Republic on Health Protection population and the development of the healthcare system and the Strategy for the Development of Education in the Kyrgyz Republic for Sustainable Development adopted by the UN Member States in 2015.

The 5-year duration English Language MD program at International University of Science and Medicine which is equivalent to MBBS in India is ranked among the best in the nation. The Academic faculty at IUSM is a blend of teachers, scientists, and physicians who are leading experts in their fields. They have the scope of incorporating novel teaching strategies in this budding institution.
